EMPRESS VICTORIA.

To Visit Italy and Afterwards England Where it is Believed She Will Reside.

Fears Entertained for the Safety of H. M. Stanley the African Explorer.

EMPRESS VICTORIA.

Berlin, June 19—It is stated to-day that the Empress Victoria will probably go to Italy for a short rest; then to England for a time. It is not likely that she will continue to live in Berlin.

IS HE DEAD OR ALIVE?

London, June 19—An unconfirmed rumor that H. M. Stanley, the African explorer, is dead is in circulation in this city and Paris. There is no news in Government or Congo Missionary circles either in London or in Brussels of the death of Mr. Stanley.

COLLINS VS. THE CORPORATION OF VICTORIA.

TO THE EDITOR OF THE TIMES:

SIR,—Kindly grant me sufficient of your valuable space to state that if Messrs. Walls, Collins or Hendry will repeat *on oath* the assertions contained in Mr. J. P. Walls' letter published in your columns of the June 18th's issue, then I will devote attention to them, but not otherwise. PETER SUMMERFIELD.

Victoria, 19th June, 1888.

Arrival of Immigrants.

From the Mainland we learn that the arrivals of immigrants are large and on the increase. A few days ago there arrived in Winnipeg a train on which there were 258 immigrants on board—160 of whom were British, 50 Canadians, 40 Scandinavians and 8 Americans. A considerable number of these remained in the Northwest, whilst a few came to the Coast. The Rev. Mr. Baron, who will reach Victoria to-night, brought out a party of 40 mechanics and agricultural laborers. It is a pity that attention is not directed towards bringing out domestics. There is a great demand for these in every city and locality west of Lake Superior. From the Sound and the American side a considerable number are arriving with their families. A few days since, three families arrived from Eastern Washington and located on the mainland where land had been selected in advance. They were from Ontario originally; had tried the Northwest, Dakota and Washington Territory. Here they are secure against blizzards, cyclones, the hoppers or any other plague. On the lands of the Island Railway Company a number have settled within the last few weeks. In choice localities $3 has been named as the maximum figure to be charged for lands. In many instances where settlers are bona fide proceeding with improvement and clearing of the lands, erect dwellings, and reside thereon, 80 acres, half a section, are given for $1 per acre. These are not considered as speculators and are generously treated with by the company.

More Thoroughbreds.

Mr. Jacob W. Miller, from the vicinity of Hespler, Waterloo county, Ont., arrived in the city last night by way of New Westminster, with a herd of Ayrshire and Jersey cattle, which he purchased in the neighborhood of Hamilton. The Ayrshires were selected from the far-famed herds of Messrs. Jardine, of Grimsby, by many odds the largest herd of that class in Canada. The Jerseys were purchased from the celebrated herd of Messrs. V. E. and H. H. Feller, of Hamilton, whose herd numbers over 400, amongst which are to be found the best milkers and butter producers the country has yet seen. The Jerseys are said to be amongst the finest yet brought to the coast. They are pure bred pedigreed and registered. Cocolto, one of the cows, has an official record of 21 lbs. of butter in one week, or an average of three pounds per day. The Ayrshire, as a dairy cow, has her reputation established. They are also good breeders and realize big figures everywhere. It is Mr. Miller's intention to locate in Saanich in the vicinity of Brackman & Ker's mills, where he will embark in the industry of stock raising. There is room for such an institution in this Province. It is to be hoped his enterprise will meet with that success which his energy and courage merits.

Baptist Association.

The annual meeting of the Western, Washington and British Columbia Baptist Association was held in Tacoma last Thursday and Friday. There were present a large number of delegates, in all considerably over one hundred. Amongst the number were the Rev. Mr. Rugg, Mrs. Rugg, Rev. Mr. Lennie, Mr. Beckwith, Mr. King and Miss McAdams from this city. Reports were submitted showing satisfactory progress being made by the denomination in this province. Debts on church edifices to the extent of $600 were fully raised. It was also shown that the denomination had increased fully 20 per cent since last meeting. Sermons were delivered by Rev. Mr. Lennie of New Westminster, Rev. Mr. Beavep, of Puyallup, and others. The report of the Foreign Mission Board was read by the Rev. J. P. Ludlow, of Seattle. In consequence of the rapid growth of the denomination on the northwest coast, it was deemed advisable to divide the association into two sections, to be known as the southern and northern association. To the latter, Seattle this city and province belongs, south of Seattle forms the southern association. The meeting of the association was a most harmonious and profitable one.

Gus Williams.

There was a very fair audience at the Victoria last night, when the popular comedian, Gus Williams, and his talented company presented the amusing play of "Keppler's Fortunes." Mr. Williams personified the jolly Dutch butcher who was always hard up, and the capitalist, to perfection, introducing numerous songs and quaint observations that delighted the audience. Frank Giraud was a perfect "tough"—a n'gger *par excellence*, while the other members of the company were almost equally perfect in their parts. To-night there will be played, "Oh, what a night," a piece which affords Mr. Williams excellent opportunities for the favorable display of those peculiar powers to please which made him popular. It is a really meritorious comedy, rich in laughable incidents, and funny situations. It belongs to that class which was made popular by Mr. Charles Wyndham and his company, and it is by no means the poorest thing of its kind which has been given here. The second act is very suggestive of "The Magistrate"—so much so that it is fair to infer that both were derived from the same source. It deals with the adventures of two married men of rather loose morals, an indiscreet wife, a gay young bachelor, a lively actress, and an amorous and ambitious locksmith. It would be useless to attempt to tell the story of how the author has contrived to keep these people hiding from each other, the complications into which they are led by their own folly, or to explain the clever manner in which he finally extricates them from embarrassing situations.

$6,000,000 Involved.

It is stated that the sum of $6,000,000 is involved in the great arbitration case to be heard at Vancouver next week relating to the Onderdonk contract. Mr. Thos. Swineyard will act as arbitrator for the Dominion Government. He went over this morning, as did also Mr. M. J. Haney, who had charge of construction under Mr. Onderdonk during the latter years of his operations here. Accompanying these gentlemen were Messrs. Ross, Donnelly and Harlin, all of Chicago. Mr. Hamlin, C. E., of this city, will also be present. During the day Mr. E. Crow Baker, M. P., called upon Mr. Swineyard. Nelson R. Butcher has charge of the reporting, and will take with him the largest staff of stenographers and type-writers that has ever been used in any single Canadian case.

From the South Seas.

Work on the survey for the proposed sub-marine cable to be laid from Sydney, New South Wales, to Victoria, British Columbia, is being pushed rapidly. The cable will touch at Honolulu, and it was intended to have a station at Tutuila, Samoa, but the intention of laying it by way of the latter place has been abandoned. The entire enterprise is projected by English capitalists. It will probably be two years before the cable is ready for business.

Washington Irving Bishop, the mind-reader, is still there, and, poor fellow, is in a pitiable condition. He is afflicted with *artutis deforma*, which is a disease that affects the joints of the body. They grow spongy, and when pressed by a person's fingers act as would a sponge when squeezed, regaining their appearance when the pressure is removed. There is no cure for the disease, although the climate of the islands is most favorable for delaying its progress. Bishop failed in one of his recent exhibitions in Honolulu. For several days previous he had been drinking, and on the day of the exhibition a medical friend gave him a dose of cocaine, which so affected him that he could not do himself justice.

A Night at Hame.

The world renowned Bairnsfather family, who have the undoubted reputation of being the most artistic delineators of Scottish song and story that have visited this continent, and who are now the only family of Scottish vocalists in the profession, will give an entertainment in the Victoria Theatre on the evening of Saturday, June 30th, and Monday, July 2nd. These occasions will be genuine nights at hame. The programme will embrace the choicest selections of Scottish songs, melodies and stories as well as dancing in costume, full particulars of which will be given in the programme for the day. We observe that many of our eastern contemporaries pronounce Mr. Bairnsfather to be the superior of the immortal David Kennedy. Many from eastern Canada who have heard both are divided in opinion. Kennedy was universally known for he had made the rounds of the world on several occasions and was voted the king of songsters. This is the first appearance in this city of an entertainment of this kind and our citizens can depend on being treated to such an evenings enjoyment as they seldom are privileged to listen to.

Rev. Mr. Lennie's Lecture.

The lecture delivered by the Rev. Robert Lennie in the Calvary Baptist Church last night was fairly well attended. Mr. Thomas Haughton occupied the chair and in a few pointed remarks introduced the lecturer, who delighted his hearers with the subject matter he had in hand. For a considerable time he dwelt on the character our young men should set up for themselves and endeavor to follow through life. He handled his subject of "Men Wanted, or a Man's a Man for a' That," in a masterly manner, and for which he was moved a vote of thanks by the Rev. Dr. Reid, who expressed his delight at being present and the able lecture he had listened to. Deacon Walker seconded the resolution which was carried unanimously. The collection taken up was a considerable one.

A Prosperous Company.

The annual report of the Pacific Mail Steamship Company for the year ending last April, shows the gross receipts to have been $4,978,547, and the expenses $3,638,119; net balance, $440,628. The cash assets are placed at $879,247, and the liabilities at $290,981. For the preceding year the gross receipts were $295,532. Deducted from the net earnings for this year is $326,047 for extraordinary repairs on the steamers City of Peking and Colima. The need of new steamers was pointed out, and the advisability of buying or constructing two new steel steamers was considered and bids have been asked for. The old board were re-elected, which comprised Jay Gould, Sidney Dillon, Russel Sage, C. P. Huntington, George Gould, Henry Hart, William Remsen, Edward Lauterbach and William Kennedy.

An Abomination.

If the sanitary committee would assemble in a body in front of the north entrance to the postoffice, at a time when a gentle zephor would waft the effluvium from the public back stand in the middle of the street into their nostrils, or when a current of air would carry the foul sewer gas to the head of the covered drain at the edge of the sidewalk, they would begin to think that they were neglecting their duties, as not a few citizens are almost sure they do. What wonder can there be, when such abominations prevail in the very center of our city, that diphtheria is carrying off its victims.

School Examinations.

The examinations in the ward schools will take place on the following dates: Spring Ridge and Rock Bay Ward Schools, in the forenoon of Monday, June 25th; James Bay and Johnson street schools in the afternoon of the same day. On Tuesday next the scholars attending the High School will meet when promotions will be made and prizes awarded.

CHICAGO CONVENTION.

The Republican Convention Assembles To-day in Chicago to Nominate a Candidate.

A Dead-Lock Generally Anticipated--Opening Proceedings ---Great Enthusiasm.

CHICAGO'S CONVENTION.

Chicago, June 19—Chauncey M. Depew will be placed in nomination for President at the Republican National Convention by ex-Senator Warner Miller, of New York. If a speech in seconding the nomination is to be made it will be delivered by Gen. Knapp. John Sherman will be nominated by Danl. H. Hastings, Adjutant-General of Pennsylvania. Governor Foraker, of Ohio, will second the nomination. The speech placing Governor Alger, of Michigan, in nomination will be made by Robert E. Fraser, of Detroit; the leading orator of the State, Hon. W. P. Hepburn, of Iowa, one of the favorite speakers of the Kawkeye State, will nominate Senator Allison of that State. J. P. Dolliver, also of Iowa, will be entrusted to ex-Gov. Porter, of Indiana. Senator J. C. Spooner, of Wisconsin, will nominate Gov. Rusk of that State. The speech by which Judge Gresham's name will be placed in nomination will be made by Hon. Leonard Swett, of Chicago, who nominated Lincoln. The name of Major Fitler, of Philadelphia, will be placed in nomination by Chas Emory Smith, of the Philadelphia *Press*.

The morning of the Convention finds no change in the situation. The adherents of the different candidates are all hopeful, but none too confident. A great deal of Blaine enthusiasm has been roused since the street demonstration of last night; but it is understood that Blaine will not be chosen, except after a deadlock which will be prolonged over three or four days, and when the chances of the candidates now in the field are so hopeless to each that he will join in a request to Blaine. That the Convention is to-day vastly in favor of his nomination is apparent, as was the same feeling here in Chicago at this juncture four years ago. Therefore there is really hope with the majority of every delegation, whether with the favorite sons or not, that things will so shape themselves as to bring about a dead lock. This latent Blaine strength will be carefully manipulated to allow the preponderance of no candidate until the crucial moment has come. This at last is on the programme and it bears every probability of success. The Convention wants Blaine at heart and it will have to be dexterously manipulated by the managers of any other candidate who will persuade it out of its desire. Notwithstanding all the pressure brought to bear on the California delegation, it looks probable this morning that California will carry out its original intention and nominate Blaine, when the name of that State is reached in the roll call. It is believed the rest of the Pacific States will follow their example, at least on the first ballot. One of the Californians said this morning: "If we see the Convention will not have him, we will change to somebody for whom we shall be as hearty as we are for Blaine."

When the auditorium building in which the Republican National Convention is to meet was opened this morning the place was found to be a bower of beauty and cooler, comparatively than the outside. By eleven o'clock the building had become well filled with spectators. Few delegates however had arrived. Three-quarters of an hour later the California, Michigan, Rhode Island, North Caroline, and West Virginia delegates entered and marched to their respective quarters. Shortly after followed the Pennsylvania, New York, Ohio, Nebraska, Indiana, Illinois, more Pacific coasters and other delegations. Many were accompanied by bands and the entrance of each delegation was met with a hearty welcome from the spectators. At fifteen minutes past noon nearly all the delegates were seated.

At 12:32 p. m., Chairman Jones, of the National Committee, called the convention to order. Rev. Frank G. Gunsalulus, of Plymouth Church, Chicago, delivered the invocation, after which Miss Emma Remeres of the Third Presbyterian Church sang "Battle Hymn of Republic" to the tune "John Brown's Body." Secretary Fessender, of the National Committee, then read the committee's call for the convention. Mention of a protective tariff created applause. When the Secretary concluded Chairman Jones advanced to the platform and delivered a strong address. Mr. Jones made an indirect allusion to Blaine and Logan and instantly the whole Convention was thrown into a tumult, and it was several minutes before the Chairman was able to resume his speech. When he finished John M. Thurston, of Nebraska, was introduced as temporary Chairman and proceeded with his address. He referred to Blaine as "The Republican chevalier and the nightmare of Democracy, the greatest living American, an object of our undying love," at which there was a storm of cheers that were given again and again. Thurston said the Convention must and dare not place Blaine in nomination against his wishes.

Prolonged laughter was accorded Thurston's concluding statement that Cleveland's administration has been remarkable for nothing but its incocuous desuetude. Hoar, of Michigan, presented the temporory chairman with a gavel made of wood from the tree under which the Rupublican party was born at Jackson, Mich., July 6th, 1854. Dakota was then admitted and will be allowed her ten votes. Washington Territory will be given six. The motion of Gen. Binham, of Pennsylvania, that the rules of the last Republican National Convention govern until farther action, was adopted. Kansas offered a resolution of sympathy with Gen. Sheridan, which was adopted by a standing vote. Lebus, of Kentucky, presented a petition from a number of ex-Union soldiers asking for seats in the Convention. This was referred to the National Committee with the request that it be granted. The Secretary then proceeded with the calling of the roll of States for names of the various committeemen. At its conclusion Chairman Thurston announced the presence of Gen. Fremont, of Nebraska, first Presidential nominee of the Republican party. Fremont's speech was punctured with hearty applause, and when he concluded there were cries for Forsker and Ingersoll. Attention was, however, attracted to Secretary Fessenden, who read the Committee on Permanent Organization, resolutions and credentials. The name of McKinley, of Ohio, who is looked upon as a possible dark horse, created some applause. The Virginia contest, involving the seating of sixteen Mahone district delegates, was then taken up and Gen. Mahone took the platform and made a fervent plea for his delegation. When Mahone finished a long debate followed, which was terminated by the decision of the Convention, that all contesting delegates shall present their claims to the committee on credentials without debate. At 3:30 p. m. the Convention adjourned until noon to-morrow.

Among the members of the committee on resolutions are W. J. Thompson of Washington Territory, M. M. Estie of California, and Rufus Mallory of Oregon. Among those on National committee are T. H. Cavanaugh of Washington Territory, M. H. De Young of California, and Jonathan Bourne of Oregon.

FIRE IN DANBURY.

Danbury, Vt., June 19—A fire last night destroyed Armstrong & Co.'s box factory and ten other buildings. Loss, $125,000.

BLAINE AND THE CONVENTION.

Durham, June 19—The Blaine party arrived here last night. Blaine was shown some American cablegrams relating to his candidacy. He said: "I have nothing to say regarding the rumors which now, as in every convention week, are current. Of course, however, I am interested in the Convention's work."

A SECOND FIRE VISITATION.

Selma, Cal., June 19—The second disastrous fire that has visited this town in two weeks occurred yesterday. Twenty business houses were burned out. Losses aggregate $53,000. Insurance $25,000.

THE S.S. BATAVIA.

San Francisco, June 18—The S.S. Batavia, the fourth of the Canadian Pacific Company's fleet of Pacific steamers to enter this port arrived this morning from China and Japan *via* Vancouver with 519 Chinese on board.

A FATAL ROW.

Marysville, Cala., June 18—Thomas McNab, saloon-keeper, has been arrested for the murder of James Sullivan whom he beat so severely last night that he died this morning.

GENERAL AND WIFE IN PENITENTIARY.

New York, June 18—M'me DisDebar and General DisDebar this morning were sentenced to the penitentiary for six months for defrauding lawyer Marsh, by use of "spook" pictures.

THE REPUBLICAN CONVENTION.

Chicago, June 18—The National Republican Committee at a meeting this morning selected John M. Thurston, of Nebraska, as temporary chairman of the convention to-morrow. The New York delegation organized this afternoon and unanimously decided to support Depew.

ROBBERY ON THE NORTHERN PACIFIC.

Helena, Mont., June 18—Eight masked men stopped the west bound train on the Northern Pacific near Billings on Saturday night. The engineer was compelled to act as a guide to the robbers. They broke in the express cars and secured packages containing about $800. The male passengers on the train were robbed, but only about $500 secured. The sheriff of Yellowstone county and a posse of police are in pursuit of the robbers.

FATAL RAILWAY ACCIDENT.

Washington, June 18—Late on Saturday night a train on the Virginia Midland Railroad was derailed at Pope's Head Run in Virginia. Four persons were killed and several injured.

A TRAIN THROUGH A BRIDGE.

Evansville, Ind., June 18—News was received here to-day of a fatal railroad wreck which took place yesterday afternoon near Rockport, Kentucky, on Newport News and Mississippi Valley Railway. A freight train went through a bridge over Green river, killing the brakeman and fatally injuring the engineer, conductor and yardmaster. Several others were badly hurt and may not survive. The engine and two coal cars are buried in 30 feet of water.

GOLDENSON TO HANG.

San Francisco, June 19—The Supreme Court this afternoon denied the petition for a rehearing in the case of Alexander Goldenson, who has been sentenced to hang for the murder of the little school girl Mamie Kelly.

SENT TO THE STATE PRISON.

New York, June 19—John R. Dunn the lawyer and accomplice of Teller Scott, who robbed the Manhattan Bank of a hundred and fifty thousand dollars, today was sentenced to nine years and eight months in the State prison.

School Trustee Election.

At 10 o'clock this morning the poll was opened in the Deluge engine house for a trustee to represent Yates street ward. The candidates were Messrs. D. Spencer and Dr. R. Morrison. Very little interest was taken in the election by the candidates and the electors. At 2 p. m. the number of votes cast numbered 14. The lack of interest shown can be clearly understood when it is known that 281 registered voters reside in the ward. At 4 p. m. the poll closed and the Returning Officer, Mr. W. H. Bone declared the result which was as follows:

Dr. Morrison 20, D. Spencer 11, spoiled ballot 1. Total votes cast 32.

The Paine-Peterson Race.

Mr. C. E. Redfern has kindly consented to act as referee in the Paine-Peterson race which will be rowed on Saturday next at Shawnigan Lake.

Removal.

J. P. Burgess, the well-known builder and contractor, to meet the demands of an ever increasing business, has taken the large building on Broughton, near Government, formerly used by St. Andrew's Church as a Sunday school room.

In Comfortable Quarters.

Mr. S. C. Barris has secured rooms for offices at No. 14, Barnes' block, Bastion Square, one of the best localities in the city for an architect's office.

St. Ann's Convent.

Next Friday afternoon at 2 o'clock prizes will be awarded to the pupils of St. Ann's Convent. Parents and friends are cordially invited. A choice programme of instrumental music will be given by the pupils.

—The court buildings are approaching completion. The external cementing is about half done and presents a very creditable appearance. The internal work is also being pushed on rapidly.

—The repairing of the James Bay bridge progresses slowly. The job is a heavier undertaking than was at first anticipated.

The Anti-Poverty Society of Toronto is entering on a crusade against the taxation of farm improvements.

THE LIQUOR LICENSE.

Our morning contemporary fancies it sees in the issuance of a license to Mr. Fee, an opportunity to strike Mayor Grant over the shoulders of the other members of the licensing board, and attempts the congenial task with very poor success. The readers of that veracious journal are informed that a word from the chief magistrate "would probably have convinced the board that under no circumstances could the application be justly allowed; however, His Worship remained silent and gave passive assent to the decision." Like every other utterance of the Colonist, where an opponent is concerned, this is a very deliberate misrepresentation. Mayor Grant presided as chairman of the board, and several times when the application of Mr. Fee was under consideration reminded the members that the applicant had been refused a license by former boards. But apart from any statement by the chairman, every magistrate present knew the position of affairs thoroughly; in fact several of them attended the meeting contrary to their custom for the express purpose of voting in favor of the license. The vote stood:

For the License—Messrs. Morison, McMicking, Shotbolt and Croasdaile.

Against — Messrs. Richards and Ward.

The Chairman was not required to vote; but if there had been a tie, necessitating his casting vote, we believe the result would have been different, and agreeable to the views of a majority of the citizens. If the law is such that any citizen can demand a license, and compel its issuance by appealing to the Supreme Court, it is time the law was amended. Wherever a licensing system obtains, the power of limitation goes with it. It may transpire that the mistake made by the Licensing Board was a blessing in disguise, by directing public attention to the necessity of a revision of the license law.

GLADSTONIAN VICTORIES.

One of the greatest victories that the Gladstonians have had since the general election was recorded in our issue of Saturday, and following so closely on the victory at Southampton it must cause consternation and alarm in the allied camp of the Tories and the Unionists. Speaking of the Southampton election the London Spectator, a Unionist paper, says it was a "tremendous blow to the Government," because it showed a reversal or gain of 1524 votes in favor of Mr. Gladstone, and that, too, in the absence of the Liberal candidate who was in America. But if the Southampton election was "a tremendous blow to the Government," what will be thought of the election in the Ayr Burghs? In Southampton there was a reversal of 1524 votes, but there the total poll was nearly 10,000 votes; whereas in the Ayr Burghs there is a reversal, or a gain, for Mr. Gladstone of 1238, in a poll of only 4000 votes. So that, in proportion, the victory in the Ayr Burghs is just double was it was in Southampton. It will be interesting to see how the Tory and the Unionist papers will try to explain away this gigantic and tremendous defeat of their united forces. They cannot pretend that it is owing to the popularity of the Gladstonian candidate, for Captain Sinclair was defeated by 1175 out of 4000 votes at the general election. Now he is the member for the Ayr Burghs. Surely the government will now see that its policy of coercion in Ireland is producing in constituences as far separated at Southampton is from Ayr, a feeling of distrust and want of confidence in Tory rule.

The idea of making Ottawa and the surrounding district into a territory under government control, as Washington and the District of Columbia are under government control in the United States, is receiving attention at the capital. A number of prominent politicians are reported to favor the proposal. Senator Clemow suggests that a district twelve or fifteen miles square, including Ottawa and Hull, be constituted a metropolitan province, to be placed under the direction or government of a board of commissioners appointed by the Federal Government. The scheme will no doubt receive the support of Ottawa politicians, who see in it heavy expenditures by the Dominion.

The great crop grown by the farmers of Manitoba last year excited the astonishment of all Canada. It astonished the farmers who raised it, for they had been many times disappointed in previous years. Many were led to think it altogether exceptional and that it would be followed by crop failure again. We are glad to learn that so far the promise of yield for the present season is again excellent. If favored with a few weeks of seasonable weather Manitoba and the Northwest will this season have many millions of bushels of wheat—the finest in the world for milling purposes—for exportation.

Last year the various methods of capital punishment were inquired into in New York state, and correspondence had with a host of judges, sheriffs and others, a large majority of whom recommended the abolition of the gallows, and the substitution of death by electric shock. Acting upon this testimony, and some scientific opinions obtained, the state legislature passed an act providing for execution by electricity. Governor Hill has now sanctioned the measure which has become the law of the state. The new method is recommended on grounds of humanity, being absolutely instantaneous, and consequently painless. In a large and populous state like New York it will not be long before the new method will receive a trial. At present there are a number under the sentence of death awaiting execution. A press representative has enquired of them as to their preferences, and their answers were unanimously in favor of the new method. The reasons given by these unfortunates were that death by electric shock would be instantaneous and also less disgraceful and disfiguring than hanging. It may be that these features, thus approved by the murderers themselves, will not be found so satisfactory to society. If the terrors of the execution are quite removed the deterrent effect which capital punishment is intended to have upon the criminal class may be in a large measure lost. If the abolition of capital punishment leads to multiplied murders, may not painless executions have a like tendency? This is a feature in connection with the new law that will be watched with interest in the future.

BOARD OF ALDERMEN.

Adjourned Meeting Held Last Night to Consider By-Laws.

An adjourned meeting was held at 8 o'clock last night to consider a number of by-laws.

Present His Worship Mayor Grant, Aldermen Powell, Coughlan, Styles, Vigelius, Harris, Penwill and Kelly.

The clerk read the Assessment By-Law. A clause instructing the Assessor to return the Assessment Roll to the Municipal Clerk before the 18th day of July was inserted.

Ald. Penwill moved the second reading of the By-Law. Seconded by Ald. Styles and carried.

Ald. Powell said he did not wish to have a person in the Work Estate taxed highly and his own property taxed lightly. If one man with a lot on a street improves his property he is taxed highly, whilst another across the street with a number of vacant lots is assessed for a small sum.

Ald. Kelly wished to know how a person owning a lot valued at $1000 without any improvements is assessed for that amount. Another person with a lot on which he builds a house valued at $2000 is taxed highly for his improvements. Those who will not improve should be taxed.

Ald. Styles moved, seconded by Ald. Vigelius, that a notice be inserted in the public press informing ratepayers that the rate of taxation will be the same amount as it was last year, excepting in certain cases when the parties will receive a written notice from the assessor. Motion lost.

The amendment to the Building By-Law increasing the value of buildings for removal to $750, was read.

Ald. Coughlan moved, seconded by Ald. Kelly, that any wooden building shall not be removed unless valued at $1000. Motion lost. The by-law was then read a second time.

LOAN BY-LAW.

Ald. Styles moved that the Council go into committee of the whole on the Loan By-Law, seconded by Ald. Harris and carried.

Ald. Vigelius said it was enumerated in the by-law that the city required sewers and additional buildings. We require more fire apparatus consisting of a new fire engine, a Hayes Truck and a fire alarm system. The engines at present in use have been in service for the last 20 years. A new engine and Hayes truck would last for 20 years and we all know the necessity of a proper alarm system. The ratepayers will most assuredly vote a sum for fire protection.

Ald. Harris said the by-law would allow $30,000 for sewerage, $9,000 cemetary purposes, and $8,000 for an addition to the City Hall, leaving $13,000 for other purposes.

His Worship thought something should be inserted for a public library.

Ald. Kelly spoke strongly in favor of a public library.

Ald. Styles would like to see the sum of $30,000 placed in the by-law to build a retaining wall in place of James Bay bridge.

Ald. Harris said he would favor a retaining wall across James Bay. Some $5,000 was paid on the bridge this year and it would stand a few years. Sewerage was wanted immediately and the city certainly required a retaining wall.

Ald. Kelly said the property reclaimed would pay for the wall.

His Worship said the owners of water privileges must be arranged with before the water can be cut off. The landowners on the water front can stop the council if they cut off the privileges obtained when the property was purchased.

Ald. Coughlan wished to have $15,000 inserted for distributing mains throughout the city.

Ald. Vigelius said if $15,000 was required for water works purposes a report should come in from the Water Commissioner. In the beginning of the year the Council was informed that no more money would be required for water works purposes.

Ald. Coughlan said no more money was required to carry out the scheme; but, on account of people requiring water in the city and the necessity for larger distributing mains to prevent injunctions such as Mr. Collins brought against the Corporation. The money is not required for the main and the re-laying of larger distributing mains is very necessary in certain localities.

His Worship suggested that the by-law be laid over until Wednesday night to consider how the money shall be expended.

Ald. Styles said he had laid off one gang of Corporation workmen on account of the funds being low. The proposed sewer would have a sinkage of 18 feet and householders would be compelled to run brick drains to the sewer.

Ald. Harris said the fall was very slight along the water front. The sewer to be built would be a portion of the sewerage system. The proposed sewer would tap Pandora and Cormorant streets. The object of having so much depth is to drain cellars on the route of the sewer.

Ald. Coughlan said he thought it would not be advisable to have a sewer with a depth of 18 feet.

His Worship advised the Council to lay the matter over until Wednesday night.

Council adjourned at 10:30 o'clock.

Politics in the East.

Mr. Luxton has published a card announcing his withdrawal from the contest in South Winnipeg for the Manitoba Legislature, for personal reasons. Mr. Isaac Campbell has been chosen by the Liberals to take Mr. Luxton's place. Mr. Luxton's reasons for resigning was a difference of opinion existing between himself and Attorney-General Martin. Those familiar with both gentlemen know their peculiarities and marked singularities. It is no wonder that when these individuals came in contact that sparks flew. Mr. Luxton had friends it appears, who were anxious to secure the contracts for the government railways whether they were the lowest tenderers or not. The Premier and the Attorney-General disapproved of this course. A demand was made on Mr. Greenway for the resignation of Mr. Martin, but the Premier was obdurate and expressed a determination to endorse the actions of his colleague. Mr. Martin is not a Chesterfield in manners, nor considerate in his disposal of those who come to "buss" and interview him. He, however, possesses the qualifications of being sincere in his convictions, a thorough political pugilist and a man of wonderful resource and endurance for departmental work. He has a thorough abhorrence of anything savoring of boodleism. Everything indicates that the Government of Manitoba at present has a goodly sized family quarrel on hand. Mr. Luxton is not made of material that will readily down. Whilst lacking in the enthusiasm which characterized the late Hon. Geo. Brown, and his thorough uprightness and purity of character, Mr. Luxton possesses many of the predominating traits which distinguished the founder of the Toronto *Globe*. Mr. Luxton in the past has played an important part in the politics of Manitoba and shaping the destinies of that country and is likely to continue doing so for some time yet.

Mr. Johnson, the recently elected member for Megantic in the Quebec legislature has been unseated; his opponent, Mr. Whyte, disqualified and a new election ordered. It is reported that the Hon. Mr. Joly will be the Liberal candidate for the constituency.

Mr. J. K Ward, of Montreal, has been sworn in as a legislative councillor for Quebec in room of the late Mr. Ferrier.

Britain and the United States.

The St. John, N. B. *Telegraph*, in a recent issue, contrasts the growth and expansion of the British Empire with that of our neighbors beyond the 49th parallel. In 1776 there were but thirteen states in the union and a population of about 3,000,000, which in 1888 is believed was increased to 60,000,000, whilst the area now is close upon half a continent. These two features alone, to say nothing of the development of commerce, farming and factory industry, railways, telegraphs, etc, show a really wonderful growth and development. We do not withhold our admiration from the people of our own race and language, who have achieved all this. But, seeing that we are British, sharing as we do the glorious history and traditions of the empire of which we form a part, it is not unimportant that we should once in a while take stock of the progress of our own country. Only a century ago, 12 years after the declaration of independence, the geographies of the time gave the extent of the British empire at 500,000 square miles, and the population at 35,000,000. This may have been incomplete and inaccurate, but it will serve as a starting point. Now, let us place beside this the figures which mark the progress of the empire since. The figures of population at the several dates below are approximately correct:

1788	35,000,000
1820	100,000,000
1841	152,000,000
1861	225,000,000
1881	305,000,000
1888 [estimated]	330,000,000

From 35 millions to 330 millions of population in 100 years is an unprecedented advance. The same authority gives the entire territorial extent of the Empire to-day at 10,000,000 square miles. An official statement of 1881 gave it as 8,757,029, but there have been large accessions since to Burmah, Africa and the islands of the sea. The United States have gained no increase of territory since the acquisition of Alaska in 1867. The gain in population for the United States for a century is upwards of 57 millions. During the same period the British Empire has added 295 millions. The Empire is old, but not in decay. In fact never in the thousand years of its history has it displayed such progressive vitality, such unprecedented progress as within the past hundred years. It fears comparison with none, not even the great Republic, in growth of territory or population, or in material and intellectual advancement.

Sore Eyes

The eyes are always in sympathy with the body, and afford an excellent index of its condition. When the eyes become weak, and the lids inflamed and sore, it is an evidence that the system has become disordered by Scrofula, for which Ayer's Sarsaparilla is the best known remedy.

Scrofula, which produced a painful inflammation in my eyes, caused me much suffering for a number of years. By the advice of a physician I commenced taking Ayer's Sarsaparilla. After using this medicine a short time I was completely

Cured

My eyes are now in a splendid condition, and I am as well and strong as ever. — Mrs. William Gage, Concord, N. H.

For a number of years I was troubled with a humor in my eyes, and was unable to obtain any relief until I commenced using Ayer's Sarsaparilla. This medicine has effected a complete cure, and I believe it to be the best of blood purifiers. — C. E. Upton, Nashua, N. H.

From childhood, and until with a few months, I have been afflicted with Weak and Sore Eyes. I have used for these complaints, with beneficial results, Ayer's Sarsaparilla, and consider it a great blood purifier. — Mrs. C. Phillips, Glover, Vt.

I suffered for a year with inflammation in my left eye. Three ulcers formed on the ball, depriving me of sight, and causing great pain. After trying many other remedies, to no purpose, I was finally induced to use Ayer's Sarsaparilla.

By Taking

three bottles of this medicine I have been entirely cured. My sight has been restored, and there is no sign of inflammation, sore, or ulcer in my eye. — Kendal T. Bowen, Sugar Tree Ridge, Ohio.

My daughter, ten years old, was afflicted with Scrofulous Sore Eyes. During the last two years she never saw light of any kind. Physicians of the highest standing exerted their skill, but with no permanent success. On the recommendation of a friend I purchased a bottle of Ayer's Sarsaparilla, which my daughter commenced taking. Before she had used the third bottle her sight was restored. Her cure is complete. — W. E. Sutherland, Evangelist, Shelby City, Ky.

THE LONGLEY CASE.

The Accused Makes His Defence—Is Suspended for a Year.

The Conference of the Wesleyan Methodist Church which held its sessions at Norwich, Ont, on the 8th inst., considered the Longley case. It was discussed with closed doors, only such as were members of the Conference being allowed to remain. The majority of the Conference were in favor of treating the case with leniency; a few, however, were disposed to deal with the accused with the severest punishment. The Rev. Mr. Stafford conducted the case for Mr. Longley, and induced the latter gentlemen to make a statement before the vote was taken, of which the following is a synopsis: Mr. Longley began by observing that "there has been a mistake in regard to the length of time the interviews continued between the young lady and myself. It has been said that it continued for a whole year. This is incorrect; it did not extend for more than half a year. I am willing to take my full share of blame in the unfortunate matter. We both glided imperceptibly into the intimacy. There was no premeditated evil intended. I frequently intimated to her the impropriety of the interviews, although I am free to admit that I did not insist upon their immediate discontinuance. At the meeting which took place in the vestry of the church I was strongly advising her to consent to the complete cessation of the intimacy. Just then her mother knocked at the door. This made it necessary to arrange for another interview. I admit that we were both very foolish, but not criminal. The interviews did not take place nearly as frequently as stated. When I went away from Toronto I did not intend to return. I acted upon advice in my course, but I found it was to my advantage to return and meet my trial. There may seem to be some contradictions between the statements of the young lady and my own, but there is really no collusion, although it may look like it. I do not think it is fair to heap all the blame on me—I have not been the teacher and leader of the young lady in a career of sin. I am willing to take my share of the blame, but not all. Her word should not be taken as final upon vital points and my word treated as worthless. All sorts of reports have been made, many of them coming from malicious tongues. It is not just that all these should be accepted. I am here to ask, in justice, that the extreme penalty be not visited upon me, because the extreme charge has not even been made. I am here to ask for mercy. I have been sufficiently humbled and crushed to ask for mercy—not for the sake of bolstering up what is left of my reputation, but for the sake of the good I may still be able to do in the calling I love. I sincerely thank my brethren who have stood by me during this severe trial. I shall not refer to my past record of 20 years, but think it ought to count for something. I admit my error; I deserve punishment; and I have been punished already. Had it not been for this unfortunate affair my name would have stood connected with one of the leading churches of this Dominion. My own consciousness of personal sin has been my meat and drink day and night. I must be followed by my wrong-doing. My ministerial life is in your hands. I have no malice against those who have spoken against me. If you entertain my plea for mercy, I solemnly promise, in the sight of God, by humility and a correct life, to endeavor to save the erring and the fallen, and thus to show my gratitude to God and to you."

During the delivery of Mr. Longley's address many were visibly moved to tears. The resolution in favor of adopting the Toronto District minutes recommending his expulsion was defeated only twelve voting for it. The following resolution was carried by a vote of 56 to 40, after which the conference adjourned *sine die*: That having heard all the evidence in the case of Rev. B. Longley, we deeply deplore the glaring inconsistency and sinful folly of his conduct, and hereby adjudge that he be suspended from the ministry of the Methodist Church for a period of one year. And we earnestly pray that the fruits of a repentance, which we are glad to recognize as sincere and genuine, may henceforth be manifested in a consistent and holy life.

ELECTRIC FORCE.

The Great Fundamental Principle of the Universe and its Power to Restore Health to Humanity.

Experiments by scientists are constantly and surely proving electricity to be the great motor power of creation. Electricity is the most powerful chemical agent, as well as the basis of chemical action. It is the primal element of light and heat; the promoter of life, and the sustainer of health.

Disease yields readily to its magnetic touch, and even unrelenting death is averted by its presence. Thousands of afflicted and suffering bear witness to its healing power. The electro-magnetic as practiced by the Drs. Darrin has revolutionized the practice of medicine, as is shown by the following

OFFICE HOURS AND PLACE OF BUSINESS.

The Drs. Darrin are located at the International Hotel, Cherry street, Seattle, W. T. Consultation free.

Office hours, from 10 to 4 daily; evenings, 7 to 8; Sundays 10 to 12. All curable chronic diseases, blood taints, taints, stricture, catarrh and deafness are confidentially and successfully treated. Circulars sent free. Most cases can receive home treatment after a visit to the doctors' office.

(The Drs. Darrin also have a branch office at 25 Fifth street, Portland, Or., where any in that vicinity can consult them.)

Lumber in Australia.

Lumber is not cheap in Australia, and the native article is not such lumber as is turned out in this country. Still there are said to be about seventy new mills in the timber belt along the coast from southern New South Wales to northern Queensland. At Sydney the native lumber is reported to sell as follows: Native cedar from $70 to $80 a thousand; pine, which is of various kinds, from $50 to $60; black but', which is hard, and a species of eucalyptus, from $30 to $40. There is a twenty-four cent. duty per hundred feet in New South Wales, and a higher one in the other colonies. As Australia does not possess much timber and the forests have been largely cut over, that country is looked to as a great future source of export for the lumber of British Columbia and that of the coast generally.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the throat and lungs than any other. It is probable that everyone, without exception, receives vast numbers of tubercle germs into the system and when these germs fall upon suitable soil they start into life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the head, causing catarrh. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may lose you your life. As soon as you feel that something is wrong with your throat, lungs or nostrils, obtain a bottle of Boschee's German Syrup. It will give you immediate relief.

Mothers!

Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulates the bowels, quiets pain, cures diarrhœa and wind colic, allays feverishness, destroys worms, and promotes convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 35 doses, 35 cents. mr 21 3m.

HIS EXCELLENT

Family Residence,

Situate on Lot No. 1019, fronting on Fort and Meare Streets, sixty feet with a depth of one hundred and twenty feet. The house is two-storey and was built less than three years ago, and is in perfect order, and contains ten rooms, having three large bay windows furnished with inside blinds, the interior is papered and painted in the latest style with ingrain and leather paper. The halls and stairway are wainscoated and bordered with figured leather paper, having a mediaeval brass gas antern of choice design.

THE PARLOR AND DINING-ROOM

are furnished with five and four light gas chandeliers with colored globes of latest pattern, and suitable gas fittings are placed in other rooms. There are five electric bells, and the Bath-room is furnished with every convenience, having hot and cold water wardrobes and marble-top washstands and a large bath-tub.

The Dining-room has stationery sideboard and bookcase cupboards and drawers, and Parlor, Hall and Dining-room have gilt mouldings for picture hanging.

The Conservatory off the Dining-room faces the South, and is entered through a beautifully designed ornament window.

THE STORE-ROOM

is furnished with meat safe, shelving, flour bins just off the kitchen which has cupboards, sink, plate drainers, together with a Mod 1 Range, having a plate warmer, with water attachments, and a sixty gallon copper boiler. There is a covered porch connecting with the Laundry which has stationery washtubs, and water connection, on either side being suitable rooms for stabling.

This charming and attractive Freehold Estate comprises a comfortable residence of moderate size, standing in beautiful laid out grounds, together with fruit and shade trees, ornamental shrubs, fruit trees and berry bushes, well kept lawns and choice roses and plants.

An excellent opportunity is here offered to any one seeking highly desirable residential property.

Black Dress Materials a Specialty.

Ladies who wear Black from choice will always find the most varied selection at THE CITY HOUSE.

Anthracite Coal Lands.

Mr. E. F. Drake trustee for the company of St Paul, Minn., advertises that he will sell some 1240 acres of anthracite coal lands at his office in St. Paul, on the 22nd inst., to settle the controversy amongst parties interested. The limits are about one mile from Canmore station of the Canadian Pacific Railway, all in one block and in the Bow River.

Ladies.

Go to Erskine's for Langtry Boots in lace or button; also the Common Sense and Louis XV. heeled goods always in stock.

The Nugget Swindle.

The reported existence of a gold nugget weighing 42 pounds, alleged to have been brought to Ottawa by British Columbia miners for sale proves untrue. Two sharpers loaded a lump of ore, and on boring it the farmer to whom it was offered for sale appeared satisfied. He made advances, and going to Montreal submitted it to an expert who pronounced it valueless. The strangers disappeared.

The New Plush Cretonnes.

Beautiful patterns in this stylish material for Curtains, &c, just received at the CITY HOUSE.

The Dominion Illustrated.

After many failures Canada is again to have an illustrated weekly paper. Mr. G. E. Desbarats & Co., of Montreal, are the publishers, and the first issue of the *Dominion Illustrated* will appear on Dominion Day. A host of leading artists will contribute, and the literary portion will be under the direction of Mr. John Lesperance, who is so well known throughout Canada as an erudite, scholarly and interesting writer.

A Hint.

The favorite "Brussels Kid Glove," in summer shades, reached the "Lansdowne House" this day. John Partridge, Propr.

OUR TOWN MAJOR.

An Eye-Opener—The City Council—Things in General.

Yesterday morning "The Major" was accosted by a distressed looking female, whose bloated, blotch covered pitiful countenance, betrayed the want of an "eye-opener," "a pick-me-up" or a "John Collins." She carried a loaf of bread neatly done up in brown paper, and her general get up showed that want of taste and female neatness to be observed on the streets of Victoria. In mournful pleading tones she begged for ten cents to buy a little tea. "A beggar here and in Victoria, impossible," was the thought you may be sure, that the big lump of generosity beneath the left rib of the ample chest of "The Major" yearned for the distress of a fellow-being, and that being a woman. Searching his pockets, with a determination to throw their contents into the lap of want, he only found a hole in one and nothing in the other; explained his inability to comply with the request, telling the distressed female that she might as well have asked him for the Bank of Montreal. She moved on and made a dart for another benevolent-looking individual—then another, and then another. Succeeding at last our distressed female made a dive for the grocery at the corner, where she had her tea—four fingers of old rye!

The "Major" visited the Richmond Road Hospital site yesterday. Were the Hospital Committee trying and searching for a site suitable for such an institution for a month of Sundays, they could not have chosen a better. It possesses all the advantages claimed for it by its advocates—easy distance from the town, healthy situation, good drainage, etc. Were a sidewalk laid that far when a hospital is built, it would have a tendency to save the Ministerial soles—of leather.

The Cadboro Bay road is certainly the finest drive "the Major" has seen for a long time. He had to walk tho'—couldn't afford to drive. It presents a scene of rural beauty rarely to be found anywhere except in the old country. Victoria may truly lay claim to being a bed of roses!

Calling at the "Willows," "The Major" was sorry to find that his friend, Mr. Elliott, was partially laid up with a bruised leg, the result of an accident while getting out of his buggy a short time ago. Mr. Elliott is an ardent advocate for the Richmond Road Hospital Site.

The frontage tax system, advocated in the City Council last evening by Aldermen Powell and Kelly, is a step in the right direction. This is one of the main planks in "The Major's" platform of reform. Put it in force, and eye-sores to the appearance of our streets will soon disappear.

Alderman Kelly should advocate instead of a Library, a Workingmans's Institute, with reading rooms, library, recreation and lecture rooms, etc. Such would meet the wants and requirements of your boys, mechanics, workmen, store clerks, and even the stranger within your gates. Let such an institution be worthy of a city like Victoria. It is what is greatly needed.

Alderman Styles, endeavor to have built that retaining wall across James Bay by all means, and do away with that city ornament—the marvel of bridge architecture. Alderman Harris mustn't be too confident, the bridge has nearly all the kinks taken out of it, or will, it's proposed, when the 90 days have expired. Oh! when will the harbor question be settled? How much is the "boodle" Now, gentlemen of the city council, if you're about taking action at last in regard to the sewers, don't do things by half; go the whole hog or none—it's cheapest in the end. Get to work at once and blow the expense. Any scheme is better than that of the present system. Don't make a Jubilee Hospital affair out of the sewers to suit any clique, ring, or party of headless. Let us have the bill, the whole bill, and nothing but the bill.

"The Major's" proposed reforms and city improvements being acted upon is a gratifying fact. Yet he is sorry to see that no action has been taken in regard to the Beacon Hill Park improvement, or that the "bituminous rock," or some other system of street pavement recommended, and suitable seams inserted in the by-law for these services. It is hoped that the important subject of street and park improvements will not be allowed to drop. What about the water works? Victoria should have pure water. There should be no difficulty about it whatever. However, Rome was not built in a day and people should be thankful for even small mercies. THE TOWN MAJOR.

Strawberry Social.

The young ladies of Pandora Street Presbyterian Church are entitled to the credit of arranging and carrying to a successful issue the best entertainment given in connection with that congregation. The school-room was crowded last night by old and young when the hour for opening proceedings had arrived and when Rev. Mr. Fraser took the chair. The excellent literary and musical treat was heartily appreciated by the audience, which received with liberal applause the several contributions of the performers. The following was the programme: Piano solo, Miss Emma Martin; recitation by Miss Cameron, rendered in the manner of a trained elocutionist; solo, "A Leaf from the Spray," by Miss Gilmore, which so captivated the audience that the "Last Rose of Summer" was given as an encore; piano duet, Misses Simpson; solo; "The Three Fishers," Miss Humber; reading, "Candle's Curtain Lecture," Mr. Landalls, followed in answer to repeated calls by "the Inquisitive Little Boy;" vocal duet, "Life's Dream is O'er," Misses O'Neil and Gibbs, which was deservedly encored; and "The Blind Girl's Dream," sung by Mr. Hyndman, of C Battery, who also received a hearty encore. The Misses Stevens and Cummings accompanied the singers on the piano, which was lent by Mr. Peters for the occasion. An abundance of strawberries and ice cream added an additional zest to the proceedings, which were throughout of a most enjoyable character.

Something New.

New things are constantly being discovered—new facts developed, old theories dispelled, old methods discarded. Inventive genius was never more active nor more successful than to-day, and the result is a great change from the old style of entertainment given to and demanded by the public. In this connection we would call our readers attention to Rielly and Woods' Big Show, accompanied by a grand uniformed brass band and orchestra which appears at the Victoria Theatre next Thursday and Friday evening. They bring with them new ideas and supreme novelties, thereby gratifying that desire for something different. This attraction is such a complete change from other theatrical entertainments that it will at once become both welcome and agreeable. To sum it up, if good acting, correct singing, well selected music, and every feature a novelty is any criterion, we would advise the amusement loving public of our city to secure their seats at once, as there is bound to be a rush. Seats on sale at W. Waitt's book store.

Presbyterian Assembly.

On the evening of the 13th inst., St. Matthew's Church, Halifax, was filled by a large congregation on the occasion of the opening of the general assembly of the Presbyterian church in Canada. Rev. Dr. Burns, retiring moderator, preached the annual sermon from the text "Missions," and ably reviewed the work of the church, and described the meeting in Winnipeg last year as a "day of good tidings." After singing a missionary hymn, the assembly roll was called and the retiring moderator addressed a few parting words and asked the assembly to make choice of a successor. On motion of Drs. Cochrane and Moore, Rev. W. T. McMullen, of Woodstock, Ont., was proposed, and being the only candidate was elected. He thanked the assembly for the honor in a few suitable words. The retiring moderator was thanked for his sermon and the conduct of the chair. Before retiring he laid on the table a letter from the Queen acknowledging the address of last year and congratulating the Presbyterian church on its prosperity.

PERSONAL.

Lord Stanley will open the Central Canadian Fair at Ottawa in September.

The Hon W A McLelan has been officially appointed Lieut-Governor of Nova Scotia.

Robert Grosvenor, son of the Duke of Westminster, died of typhoid fever in Constantinople.

The Hon C H Tupper, Minister of Marine and Fisheries, was yesterday elected by acclamation for Pictou, Nova Scotia.

Mr Richard White, managing director of the Montreal *Gazette*, will visit Victoria in a few days.

The death is announced of Major Carmichael-Smyth, the original projector of the Canadian Pacific Railway.

Messrs. W B Ross, William Johnston and W B Townsend were elected School Trustees yesterday in New Westminster.

Mr O'Connor Power, before leaving Winnipeg for the east, was entertained at dinner, at which the leading citizens were present.

Mr Frank McQuillan, of Alberni, arrived down Sunday night via Nanaimo. He reports excellent crops in that new and progressive settlement.

Senator and Miss Ogilvie left Montreal for Victoria on the 13th inst. From Winnipeg they will be accompanied by Mr Shirley Ogilvie.

There is no doubt now as to the appointment of Senator Schultz as Lieut-Governor for Manitoba. He will be sworn in early next month.

Drs Dawson and McEvoy, of the geological survey, have left Ottawa for Kamloops to operate in Southern British Columbia the remainder of the summer.

At the Occidental Hotel are S R Conner and wife, Vancouver; Jacob A Miller, John Miller, Hamilton; Mr Campbell, city; G J Kurtz, Seattle; R Walton, Wellington.

Ex-Mayor Fell this morning received a telegram from the Rev Robt B Baron, of St Cleopas Church, Liverpool, intimating that he would reach Victoria to night from Vancouver.

The Rev Mr Hoff of Moncton, N B, has accepted the call from St. Andrew's Church, Winnipeg. It is understood that Dr. Duval, of Toledo, Ohio, will accept the pastorate vacated by Dr. Hoff, of Knox Church, Winnipeg.

Among the guests at the Driard are ... Hooper, a leading Brandon merchant, E Spinks, Kamloops, Gus Williams and many others from the Eastern and Southern States and Europe.

Mr E E Boyer, who was engaged in collecting material for the business history of the Northwest and British Columbia, which he is about to publish, has returned to Winnipeg. He will leave shortly for Montreal, where the edition is to be printed.

Mayor McLeod Stewart, of Ottawa, has left for a three months' trip to England, and a report says he will be Knighted. The Ottawa Councillors telegraphed to a New York florist in advance of his arrival, to decorate his cabin with choice flowers—a neat compliment pleasantly tendered.

An Ottawa dispatch states that the drowning of Miss Jessie Keefer and her nephews, Harry and Tom Falding, make five of the family who have been drowned in a few years. It will also be remembered that Harold Keefer, a son of Mr. J. Keefer, was killed on the C P R bridge at Laclime last year.

Mystery Solved.

Early on Sunday morning a suit of clothes covered with blood was found on Farquhar street. The clothes were taken to the police barracks and Officer Redgrave was detailed to hunt up the owner and find out how the clothes came on the street. In the pocket of the coat was found a handkerchief marked "H. H." A search around the place revealed the fact that a young man named Hervey Houslow had been on a spree and left his clothes on the street during the night. He reached home, about four blocks away, in a suit consisting of a pair of shoes.

Evidence was brought forward to prove that prisoner was released from gaol three weeks ago.

The case was remanded until to-morrow.

Granite Creek Mail.

A subscriber at Granite Creek, which has only a monthly mail service, has ordered his paper sent to Coutlee postoffice, as the quickest way of receiving it at Granite. This is about equivalent to Victoria merchants having their mails from San Francisco sent to Vancouver to wait there until called for. Our correspondent writes: "It is a great shame after all the money the Government has got out of this district that we should be only allowed a monthly mail. We have been promised a mail twice a month, but these promises were only pie crusts."

Dominion Day Celebration.

British Columbia St. George's Society will celebrate Dominion Day by holding a picnic and excursion to Colwood Plains. Trains will leave the depot every hour and the splendid band belonging to C Battery will furnish music for dancing during the afternoon and evening. A good programme of games will be carried out and substantial meals will be supplied at low prices. A most enjoyable holiday can be indulged in by young and old. The fares will be very low and the committee of management will afford every facility to make their guests pleased with their first public celebration of Dominion Day.

Presentation.

At a special meeting of the St. Joseph's S. & L. Society, held last Sunday night for the purpose of taking leave of the Financial Secretary, Mr. Fr. L. Welbank, who departed yesterday for the Mexico for the Bay City, that gentleman was presented with a beautiful silver watch, suitably inscribed, together with the accompanying address:

To MR. F. L. WELBANK:

DEAR SIR.—We, the members of the St. Joseph's Social and Literary Society, feel great pleasure in presenting you with this silver watch and respectfully ask your acceptance of the same, not because of its pecuniary value, but merely as a small token of our appreciation of your services as Financial Secretary of our Society, and your readiness at all times to render aid in everything pertaining to the advancement of our social interests.

We much regret your contemplated removal from our midst, and beg to wish you much prosperity and many warm friends in your new home.

Signed on behalf of the Society,

A. McDONALD, Secretary.

J. A. VAN NEVEL, Spiritual Director.

Victoria, B. C., June 17th, 1888.

Mr. Welbank was visibly affected by this token of appreciation of his services in the important position which he has faithfully filled for more than a year, and expressed in feeling terms, to the members present, the pleasure he had to find that he had given entire satisfaction as an officer of the Society, and hoped that the Society would continue to prosper and flourish.

THE CELEBRATED

Bairnsfather Family

WILL APPEAR AT THE

Victoria Theatre, on 30th June, and 2nd July, 1888,

Under the patronage of the St. Andrew's and Caledonian Society, Victoria, B. C.

These Artists have the undoubted reputation of being the most artistic delineators of Scottish Song and Story that have ever visited America.

Dress Circle & Parquette, $1.

GALLERY, 50 CENTS.

Reserved Seats at T. N. Hibben & Co., without extra charge.

We have many times listened with great pleasure to the celebrated Kennedy and other Scotch vocalists but it is due to the Bairnsfather family to say that they give the best Scottish entertainment we ever attended.—Montreal "Gazette."

Mr. Bairnsfather has an excellent voice, and sang with feeling and power. Both as a singer and teller of Scotch stories it is hardly going too far to say he is fully equal to the famous Kennedy. Indeed, in some respects he is even superior. Rita Bairnsfather has a singularly pure and sweet soprano voice.—Toronto "Globe."
